

DIGITAL APPLICATIONS ADVANCED MODERN APPRENTICESHIP

CONFIDENTLY USE DIGITAL
APPLICATIONS IN THE WORKPLACE

SCQF 6

Our Digital Applications Advanced Modern Apprenticeship develops your apprentice's ability to competently and confidently use digital applications in the workplace.

It gives learners the skills they need to understand and use a wide range of digital applications relevant to their job role in your business – whether it's Microsoft Office, database systems, finance systems, web systems or any other digital application.

What does the apprenticeship cover?

- Microsoft Office applications
- Networking and applications support
- Graphic design and creation technologies
- Website front end management and content creation technologies

Why choose QA's IT apprenticeship?
